ACC MAXOS, Argent

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25 m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

### Données du produit

Informations générales		Nom de produit complet	
Couleur des accessoires	Argent	Nom de produit complet	9MX056 BC49 SI
Code famille de produits	9MX056 [ACC MAXOS]	Code EOC	403073260158599
Approbation et application		Code de commande	60158599
Indice de protection	-	Code 12NC	910683001726
Classe de protection CEI	-	Quantité par pack	1
Données du produit		Code EAN – Produit/Boîte	4030732601585
Nom du produit de la commande	9MX056 BC49 SI	Conditionnement par carton	5
		Codes EAN/UPC – Boîte	4030732205677
