

# Horizon Therapeutics

Landscape and building façade,  
Deerfield, Illinois, United States

## Color Kinetics

Color Kinetics products were selected to illuminate the building's facade and landscaping. The lighting was designed in way that enhanced the campus experience and raised awareness around Horizon's new campus in Deerfield, as well as the Chicago market.

## Thousands of colors

By utilizing Color Kinetics, Horizon is able to tap into thousands of colors to highlight over a hundred disease awareness days, holidays, and celebratory moments.
