NatureConnect lookbook

Turning dark areas into engaging spaces

Turn dark areas into engaging spaces

Does your project has a space with limited or no access to daylight? NatureConnect by Signify is the answer!

NatureConnect mimics daylight, simulates the sun's daily patterns and replicates a view to the sky, using light recipes that boost energy levels and help indoor spaces feel in sync with nature.

The NatureConnect system consists of luminaires and a scene set to provide the automatic day rhythm and different scenes to choose the right light at the right moment. This can be done with an easy-to-use wall switch.

Benefits of NatureConnect

- Improve well-being with increased alertness and vitality, stimulated by the natural daylight and day rhythm.
- Easy-to-use wall switch to select different scenes so users can choose the right light at the right moment.
- Creates a feeling of spaciousness with the view to the sky.
- Occupancy detection for energy efficiency.

Transform windowless rooms

“ NatureConnect has made it possible to transform a dark meeting room into a pleasant, colorful, dynamic and light environment that is now preferred by our colleagues.”

Olivier Sellès
Head of Innovation
BNP Paribas Real Estate

Office Applications

BNP Paribas
Issy-les-Moulineaux, France

Naava Headquarters
Helsinki, Finland

“ People leave this office feeling refreshed and energetic.”

Eeva Niemelä
Naava Oy

More attractive workspaces

“ NatureConnect really help customers to spend the full day inside their office and give them more energy, boost them.”

Marc Harrold
Community Manager
IWG UK

“ Our locations are more sellable and more attractive if they have a feeling of natural light.”

Richard Morris
CEO
IWG UK

IWG Battersea Power Station
London, UK

Collaborative workspaces

“ We equipped the office space lacking of natural daylight with NatureConnect, mimicking daylight throughout the workday. This provides our client with a collaborative work space that aims to make the user's experience more engaging, and ultimately more tailored to their daily comfort.”

Kevin Heenan
Energy and Sustainability Analyst
BGIS

Upgrading boardrooms
