One bulb, four light settings

With Philips SceneSwitch color change LED PAR bulbs, you can have white light for everyday use or colored light for special occasions. Flip your existing switch to toggle between white, red, green, or blue.

Light beyond illumination

- Restore the lamp to the default factory setting
- No dimmer or additional installation needed
- Instant on

Highlights

Reset (Sceneswitch)

If multiple lamps are used and they are no longer synchronized, simply toggle

the switch (turn it on and off again within 1 second) to restore the lamps to the default factory setting.

Instant on

Plug and play

Does not require any additional installation or a dimmer switch. This bulb is not suitable for use with dimmers. If used on a dimmer set the dimmer setting to 100% brightness.
