

Warm white light, no compromise on light quality

Familiar shapes you know and love. They use around 85% less energy than traditional light bulbs thanks to the latest LED energy-saving technology and last ten times longer.

Choose a simple replacement for your old bulbs

· Similar shape and size as standard incandescent bulb

Create the right light for your home

Perfect for decorative fixtures

High quality LED light that lasts for decades

• Designed for the comfort of your eyes

Highlights

Similar shape and size as standard incandescent bulb

With its beautifully shaped design and familiar dimensions, this is a contemporary lighting, energy-saving

standard LED bulb. The perfect sustainable replacement for traditional standard incandescent bulbs. Brad, reviw this copy again for all of these. Does not read well.

Perfect for decorative fixtures

Modern lighting in Philips LED globes for use in decorative fixtures such as ceiling fans and vanity strips.

Designed for the comfort of your eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.
