

Description

455 series slope ceiling trims are 6-inch aperture reflectors for use in the Halo HL6 LED Slope Ceiling System. The series is also listed with the H645 incandescent slope ceiling housing. The 455 slope ceiling reflector trims feature a fully contoured continuous form designed specifically for use in slope ceiling applications.

Specification Features

455 series slope ceiling trims are 6-inch aperture reflectors offered in Specular Clear (SC), Semi-Specular Haze (H), Satin Nickel (SN), and Tuscan Bronze (TBZ). 455 series reflectors feature metal trim rings in matte white paint, and satin nickel and tuscan bronze plated finishes. The precision spun aluminum reflector provides excellent visual performance. The metal trim ring is a floating ring that may be interchanged with the TRM6 designer trim ring series (see accessories).

Coil springs attach to slots in the housing aiming mechanism and hold the trim flush to the ceiling.

Slope Ceiling Housings

Compatible with HL6 LED and H645 slope ceiling system housings; see specification sheets for further details:

- HL612ICAT (LED)
- HL618TAT (LED)
- H645IC (Incandescent)

Trim Dimensions

Outside Diameter: 7-1/4" [184mm]

Trim Attachment – Coil Springs

Coil spring hook attaches to vertical slots in the sides of aiming mechanism. Slip-fit on spring allows positioning of finger hold loop inside the trim for ease of installation.

Ordering Information

Sample Number: 455SN

Trim	Finish	Accessories
455 = 6" slope ceiling reflector	SC = Specular clear, white metal trim ring H = Haze (semi-specular), white metal trim ring SN = Satin nickel, satin nickel metal trim ring TBZ = Tuscan bronze, tuscan bronze metal trim ring	TRM6C = Chrome metal TRM6MB = Black metal TRM6P = White metal TRM6SN = Satin nickel metal TRM6TBZ = Tuscan bronze metal TRM7MB = Black polymer
